COMPANY PROFILE

- C.F.R is founded in 1979
- Employees: 75 people
- 65% foreign market
- 2008 Turnover 17 mil of euro

PHILOSOPHY

High QUALITY & SERVICE

in wide range of products for battery operated systems

- closed cooperation and support with clients
- flexibility, offering custom solutions
- all components made in italy
- high performance and optimum efficiency
- products tested one by one

PRODUCTS

DC motors

- power from 300W up to 20kW
- voltage from 12V up to 96V
- permanent magnet
- wound field: series, sepex, shunt and compound
- enclosures from IP 20 up to IP 65

PRODUCTS

AC motors

- power from 300W up to 35kW
- voltage from 12V up to 96V
- steel smooth or aluminium finned case
- enclosures from IP 20 up to IP 65

PRODUCTS

Drive wheels

- DC/AC motor
- horizontal or vertical motor
- with or without electrical steering system

PRODUCTS

Electro hydraulic products

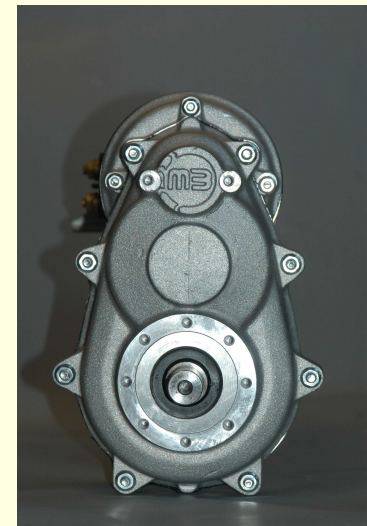

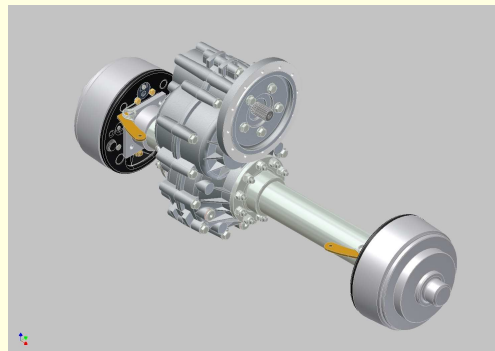

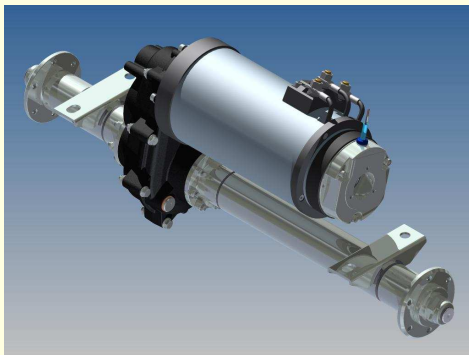

- DC/AC motor
- gear pump GR1, GR2, GR3
- silence gear pump
- silence screw pump
- mini powerpack

PRODUCTS

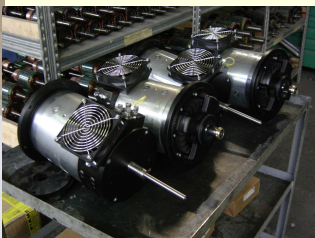

Transaxles

- DC/AC motor
- gears up to 1400Nm
- with drum or electromagnetic brakes

Motor applications

- DC & AC traction motors
- DC & AC pump motors
- DC & AC gearmotors
- DC & AC motors for differentials
- DC & AC drive wheel aggregates

Main business areas

- Material handling
- Electric vehicle
- AGV
- Marine
- Cleaning machine
- Hydraulic power

THANKS

We would like to say thanks
for your warm welcome and....

enjoy your business!!!
