

Monoblock valves

Hydrocontrol's monoblock valve range is one of the widest and most complete in the whole industry. New projects, innovations and technical improvement of the entire production range are costantly being added.

Directional valves with flow from 45 to 150 l/min.

HC-D2

Flow rate
45 l/min

HC-M45

Flow rate
45 l/min

HC-D10

Flow rate
55 l/min

HC-M50

Flow rate
50 l/min

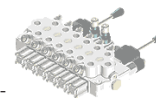

Available with auxiliary valves

HC-TR55

Flow rate
50 l/min

Available with auxiliary valves

HC-TR80

Flow rate
80 l/min

HC-M80

Flow rate
80 l/min

HC-BV50

Flow rate
P1 50 l/min
P2 150 l/min
Available with auxiliary valves
